DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 39-80 are rejected under 35 U.S.C. 112, second paragraph, as being unduly multiplied. As the device is a simple invention, to have 42 claims only clouds the issue of the true invention. Applicant is required to select no more than 20 claims for prosecution in this application.
